

Are you aged 13-24? Would you like free condoms?

We are pleased to announce that Newbridge Surgery has achieved the status of a SAFE (Sexual Health Advice For Everyone) branded venue.

The SAFE logo is a brand awarded to all organisations in Bath & North East Somerset that provide young people with friendly sexual health information, advice and support.

This means that when you see a SAFE logo you know that venue is:

- ✓ Completely confidential
- ✓ Will give you the most up-to-date information
- ✓ Easy to use
- ✓ Friendly!

Patients can access information on the following website:

www.ccardfreecondoms.co.uk

Obtain your C-Card here at Newbridge Surgery.

The C-Card allows young people aged 13-24 to access free condoms from over 70 venues in Bath & North East Somerset (including here at Newbridge Surgery).

Patients will be able to register and print off a certificate from the above website. They will then need to come to the Surgery to obtain their C-Card Key Fob and free condoms from Reception.
